

ID: CAND-011 | LEVEL: Semi-Senior | PROFILE: ML Scientist/Engineer | YEARS OF EXPERIENCE: 4

PROFESSIONAL SUMMARY:

Data scientist focused on computer vision and time-series models. Experience taking models to production in cloud environments.

EDUCATION:

M.Sc. in Artificial Intelligence.

WORK EXPERIENCE:

- Data Scientist (4 years): computer vision and forecasting models; deployment on AWS SageMaker.

TECHNICAL SKILLS: Python, TensorFlow, PyTorch, computer vision, time series, AWS SageMaker, Docker

SOFT SKILLS: curiosity, rigor, communication

CERTIFICATIONS: TensorFlow Developer Certificate

LANGUAGES: Spanish (native), English (intermediate, B2)

RELEVANT PROJECTS:

- Defect detection model on a production line.
- Multi-store demand forecasting system.
